

Name of the post Applied: Backend Developer

NA** = Not Available

1. Name of Applicant:(As per 10th certificate) MR. SHIVAM SHARMA
2. Father's Name:(As per 10th certificate) Mr. Rajinder parshad sharma
3. Mother's Name:(As per 10th certificate) Ms. Tripta
4. Marital Status ☐ Yes ☒ No
5. Spouse Name
6. Date Of Birth 15-02-1999
7. Gender ☒ Male ☐ Female
8. Nationality Indian
9. Category ☒ GEN ☐ OBC ☐ SC ☐ ST

10. Permanent Address with pin code

109 rampura , gandhi nagar jammu, Pin Code:180004

Office Phone No. :

Residence Phone No.: NA**

Mobile:9796276986

09796276986

Fax: NA**

Mail:shivamsharma38391@gmail.com

11. Address for Correspondence with pin code

109 rampura , gandhi nagar jammu, Pin Code:180004

Office Phone No.: 09796276986

Residence: NA**

Mobile:9796276986

12. Have you been interviewed for recruitment in any post in Digital India Corporation Earlier?

no

13. Academic & Professional qualifications (beginning with the latest qualification and up to SSC)

Examination / Degree	Name of the Institute / Board University	Degree Name	Main Subject(s) / Specialization	Year of Passing	% of marks	Division/ Grade	view document(s)
10th	JKBOSE - Jammu and Kashmir State Board of School Education	10th	general	2015	75	First Division	view
12th	JKBOSE - Jammu and Kashmir State Board of School Education	Non medical	P,C,M	2017	60	First Division	document Not uploaded
Graduation	cluster university of jammu	BSC	P,C,M	2020	60	First Division	document Not uploaded

14. Fields of Specialization

Physics and maths

15. Are You employed in any Govt. / Semi-Govt. / Public Sector Undertaking / Autonomous Bodies

☐ Yes ☒ No

16. Work Experience (Latest First)

Total Experience: 2 Year(s) 0 Month(s)

Name And Nature of the Organization	Designation & Grade	Monthly Salary	Service Start Date	Service End Date	Role of Applicant and Significant Contribution	Document(s)
Peoplecentral	SD1	40000	15-03-2024	15-09-2025	Fullstack developer	view
Ecomoney insurance brokers	Full stack dev	50000	21-10-2025	01-05-2026	Fullstack developer	Not uploaded document

17. Detail of Experience Relavant to the Post applied

Type of Experience	Details of Experience with specific achivements. Also Please specify timelines.
Fullstack develper in MERN Stack	

18. Current Notice Period (in days)*

1

19. Applied for State eMission Team (SeMT) position

☐ Yes
☐ No

20. Field of specialization, summary of R&D and other work done with list of patents, Publications and reports, if any.

Over 3 years of professional experience building scalable web applications and intelligent automation systems. Specialized in developing robust backends using Node.js, Express, and Python (FastAPI/Django), alongside responsive frontends using React.js and Next.js. Key technical work includes architecting production-ready API integrations, automating enterprise workflows using background cron systems, and designing local Intelligent Document Processing (IDP) pipelines utilizing Retrieval-Augmented Generation (RAG) for automated document analysis and semantic search.

21. Association & Affilication with Professional Bodies

Active member of the global open-source developer community, contributing to and collaborating on local AI orchestration tooling and modern web frameworks via GitHub. Engaged participant in local tech developer circles and specialized AI engineering forums focusing on LLM utility and full-stack architecture.

22. Any Significant achievements during your career which may support your candidature for consideration to the position

I have successfully architected and deployed critical financial and automation infrastructure in fast-paced production environments. Notable achievements include: API Ecosystem Integration: Successfully integrated complex third-party property and health insurance APIs (Bajaj Allianz & Care Health) to automate policy issuance and renewal workflows. Financial Infrastructure: Implemented secure, real-time transaction workflows by integrating the Razorpay payment gateway with full webhook verification. Workflow Automation: Designed and built a lightweight, resource-efficient WhatsApp messaging notification system via database polling and cron jobs, drastically eliminating reliance on heavy external queue systems. AI Innovation: Engineered an Intelligent Document Processing pipeline using Node.js, FastAPI, and RAG to automate data extraction from complex policy copies, significantly optimizing manual data verification speed.

23. Why do you think you are suitable for the position?

I am highly suitable for this position because I bring a unique blend of core full-stack software engineering maturity and hands-on AI integration capabilities. Having engineered production systems from the ground up—spanning robust Node.js/Python backend architectures, complex webhook pipelines, and highly optimized Next.js/React frontends—I understand how to deliver stable, scalable software. Furthermore, my practical experience implementing RAG-based document intelligence and working with local model orchestration allows me to bridge the gap between traditional web applications and cutting-edge AI capabilities. I thrive in environments requiring autonomous execution, clean code standards, and rapid deployment of high-impact features.

24. Please furnish two professional reference

- References from relatives, friends, etc. should be avoided.

Declaration:

1. Those candidates, who are already in regular or contractual employment under Central / State Government, Public Sector Undertakings or Autonomous Bodies, are expected to apply through proper channel or attach a 'No Objection Certificate' from the employer concerned with the application OR produce No Objection Certificate at the time of interview.
2. Digital India Corporation reserves the right to fill all or some or none of the positions advertised without assigning any reason as it deems fit.
3. The positions are purely temporary in nature for the project of Digital India Corporation and the appointees shall not derive any right or claim for permanent appointment at Digital India Corporation or on any vacancies existing or that shall be advertised for recruitment by Digital India Corporation in future
4. Digital India Corporation reserves the right to terminate the appointments of all positions with a notice of one month or without any notice by paying one month's salary in lieu of the notice period.
5. The maximum age shall be as on the last date of receipt of the applications. Screening of applications will be based on qualifications, age academic record and relevant experience.
6. The candidate consent to processing and analysing of their application, documents and any responses sent by them to DIC for the purpose of selection process for advertised position. DIC shall store, process and share such information for filling the vacancy. DIC may use the application materials including CV to determine whether the candidate is qualified for another Job Listing as advertised, and may reach out to the candidate about such other Job Listing.
7. The designation of each candidate selected for employment shall be determined and assigned in accordance with the Designation Policy of the Digital India Corporation (DIC) as existing at the time of the candidate's appointment. This policy governs the classification and hierarchy of positions within the organization, and the selected candidate's designation will be aligned with such policy provisions to ensure consistency and compliance with organizational standards.
8. I certify that all information provided in this application is true, complete and correct to the best of my knowledge and belief. I understand that any false information or omission of information may disqualify me from consideration for employment and may result in dismissal from the job, if discovered at a later date.
